

Rifa Light Competency Test

This test covers the student's basic knowledge of the Rifa Light available to Media Production students. The student is allowed to miss 3 of the non essential questions to pass. If they miss one of the **essential questions**, it results in automatic failure. Bolded questions are essential.

(NOTE: The student must also pass the General Lighting Test to book the Rifa kit)

1	Set up the lighting stand.
2	Open the reflector box.
3	Attach the Rifa light to the stand.
4	Is the light in the proper position?
5	Plug in the light.
6	Attach the white diffuser.
7	Install the egg crate.
8	Turn on the light.
9	Pan the light.
10	Turn off the light.
11	Put away the light properly.

Remind the student to let the light cool down before he or she puts it away. Instruct the student to review the equipment diagram on the lighting kit and confirm that all of the equipment is there.
