_____	3	___
_____	3	___
_____	3	___

D. Free Elective Requirements

Any course can be taken to meet this requirement, including Honors courses or those courses taken to fulfill a second major or a minor. You may also take additional Psychology courses here. The number of courses you need will depend on if Areas 4, 5 or 6 were met in the major. You need enough free electives to bring your total credits to a minimum of 120.
