Discount Guidelines

Discount Description

Visit <http://www.cheapairportparking.org> and save up to 20% off airport parking rates with the promo code "WPUPP" at checkout. No additional credentials are needed. No restrictions, no black-out dates.

Discount Details

The promo code provided does not expire. To redeem the discount, use the promo code at time of check-out. There are no black-out dates and no restrictions. The promo code can be used at any time of the year, including high holiday travel days and can be used more than once. Because the discount is directly applied through CheapAirportParking.org, there are no further credentials needed at the lot.

Additional Information

Once a reservation is booked, an email confirmation is sent to the email address used to make the reservation. Please refer to the instructions on the confirmation receipt to ensure the reservation is provided at the quoted price and reservation goes smoothly. Directions to the lot and contact information is also provided.

Reservations can be cancelled at any time. To receive a complete refund, cancellations must be completed at least 24 hours before a reservation is scheduled to begin. In these cases, we will refund the complete amount minus one day's rate. We understand things happen and customers can have last minute emergencies. We encourage our customers to contact us immediately to allow us to accommodate them in the form of a full refund or credit. Note, this does not ensure a full refund every time; we treat every customer on a case by case basis.

We have a dedicated customer service team on staff. The quickest way to reach us is by filling out a contact form at http://www.cheapairportparking.org/info/contact_us. A ticket is issued and a customer service rep will be in contact as soon as possible. Alternatively, we can also be reached on our Facebook Page <https://www.facebook.com/CheapAirportParking.org> via direct message or email Melissa Ruiz at Melissa@cheapairportparking.org.
