1. **Discussion of proposed additional language for Academic Integrity Policy** – Following a brief discussion, the Council agreed to forward the proposed additional language (pertaining to some minor revised definitions of academic integrity violation categories) to the Senate Executive Committee, along with the copy of the administration’s policy document. Because the revised Academic Integrity Policy has already been voted on and approved by the Senate, the Council sees no further role for Senate action on this matter.

2. **Discussion of proposed Transfer Credit Policy** – The Council welcomed Associate Provost Jonathan Lincoln for a discussion of the proposed Transfer Credit Policy forwarded to the Council for consideration and input. Following a discussion in which Associate Provost Lincoln answered all questions posed by the Council, the Council voted to forward the policy document to the Senate for its consideration and approval without revision.

3. **Adjournment** – The Council adjourned at approximately 4:30 pm,

Respectfully submitted,

Richard Kearney
