

Advisement and Registration Council

April 12, 2021

Minutes

1. Provost Powers and Vice President of Enrollment Management Reginald Ross addressed the Council as to the newest Advisement policy changes being proposed, such as the placement of students with professional Advisors from 0-60 credits in all but a few departments. They asked the Council to read the FSSE and NSSE surveys for thoughts about such changes, and to provide recommendations for the transition from Professional Advisors to Faculty Advisors as well as added training for Faculty Advisors.
2. The Council continued with an ongoing discussion about a digital syllabus with resources for Advisor and Student webpages, outlining tasks for each of the participants, to encourage more pro-active behavior. Carmen Ortiz provided a draft of one currently being worked on for the Advisement Center.
3. Next meeting to be scheduled in May.
